The company was founded in 2002. All founding members are still involved in the day-to-day operations of the company, having been part of the EAI solution industry for more than 14 years.

The company is self-funded and completely independent; there is no venture capital involved. The company is organised as public limited company. The majority of share capital is kept by the management. Incentage has been profitable since 2003. Auditors are Ernst & Young.

Currently, 150 specialists are employed, including 35 specialists at the company's head office in Fehraltorf.

**Solutions**

The Incentage Product Suite offers comprehensive and state-of-the-art solutions for financial messaging, message monitoring and SWIFT integration of banks, financial institutions and corporates.

The SWIFT certified, platform-independent Incentage Middleware Suite (IMS), together with the Incentage Service Bus (ISB), enable clients to participate in business communities and integrate all applications throughout the company without the need for programming. Incentage can also provide parallel support for various architectures. The Incentage Process Cockpit (IPC) is a real-time business activity control and monitoring system that gives its users unprecedented control over processes, message flows, infrastructure components and operational risks (see text block on the right).

**Services**

In addition to software and software solutions, Incentage has its own professional service department, offering consulting, project management, project support, implementation and help desk services.

Additionally, Incentage maintains a training academy, offering a full range of training programs for clients and partners.

Incentage offers the following services:

Project:

- Consulting
- Project Management
- Project Support
- Test support
- Training

Operations:

- Help Desk 7x24
- Onsite support (daily operations and project)
- Training
- Maintenance services
- Release support
