Incentage User and Consultants Training IMS Data Conversion Engineer – Level II (SWIFT)

The IMS Data Conversion Engineer for SWIFT track will be held in the lovely town of Fehraltorf, at Incentage's premises. This is a great opportunity to get the necessary working knowledge of Incentage's EAI solution, and how it is applied in the SWIFT context. Intensive hands-on training for advanced users will give the participants a thorough overview of the product, new expertise and the necessary skills to run successful complex projects or execute demanding consulting tasks in the SWIFT arena. As a prerequisite, participants should have completed the IMS Data Conversion Engineer I track – or have equivalent experience.

Training Content

- Use the Incentage SWIFT parser and builder
- Use the Incentage SWIFT message definitions to simplify your work
- Handle SWIFT ACK and NAK messages
- Parse and convert SWIFT messages using advanced block conversion rules
- Build SWIFT messages from scratch
- Handle the new SWIFT XML messages

Additional Information

Experienced instructors will run the different sessions. Self-study material will be handed to the participants for additional exercises after the course. The course will be held in English.
