Incentage Awarded SWIFTReady Financial EAI Gold label for 2007

High quality of Incentage's IMS rewarded again.

Zurich, 04 May 2007: Incentage AG, SWIFT Business Partner for Austria, Germany, Liechtenstein and Switzerland and a leading worldwide provider of high performance and Swiss-quality straight through processing (STP) solutions announced today that it's EAI platform – the Incentage Middleware Suite (IMS) – is the first product to receive the SWIFTReady Financial EAI 2007 Gold certification. For the 2007 Gold Label, the criteria set by SWIFT were even more stringent than previous years - with a greater emphasis on SWIFTNet connectivity, FileAct, InterAct and message reconciliation and control. Incentage sees the award as benchmark that confirms the high quality of the IMS EAI solution.

"Our prime motivation is to provide high quality solutions and achieve exceptional customer satisfaction. The SWIFTReady Gold Financial EAI 2007 certification is an independent vindication that we are achieving our goals," said Felix Huber, Chief Executive Officer, Incentage AG.

"We appreciate the enthusiasm and ability shown by Incentage to quickly deliver SWIFTNet ready advanced technology to our clients" says Eric Meirlaen, EAI Industry Analyst at SWIFT. "We look forward to exploring new opportunities together with Incentage and are very pleased to award the SWIFTReady Gold Financial EAI label 2007 to their IMS product."
